## CATHOLIC COLLEGE

21 July 2019

Dear Parents/Guardians,

### Re: Astronomy Evening

The theme for this year's National Science Week is *Destination Moon: More Missions, More Science*. To celebrate this event, the college will be holding an Astronomy Evening at the Huntingfield Campus on the 9<sup>th</sup> August. The Astronomical Society of Tasmania (AST) will be joining us to give a short presentation followed by a moon viewing session using telescopes provided.

Parents and students from both campuses are invited to attend. The content of the presentation will be of particular relevance to students in Grades 5 and 7 as the moon is a focus of the Science curriculum in these years but will be of interest to all.

If you or your child are interested in attending, could you please indicate your intention by the following link <https://www.surveymonkey.com/r/B678MN6> so that we can get an estimate of numbers and ensure sufficient staff are available. Please note, the event may be postponed or cancelled in the event of poor weather.

If you have any questions, please contact myself via [anne.boyle@catholic.tas.edu.au](mailto:anne.boyle@catholic.tas.edu.au) or via phone at the college.

**Date:** Friday 9<sup>th</sup> August 2019  
**Time:** 5:00pm-7:00pm  
**Location:** Huntingfield Campus  
**What students need to bring:** Warm clothes  
**Staff contact:** Anne Boyle

Yours sincerely

Anne Boyle  
**Coordinator**  
**Science and Mathematics**

Mr Brendan Gill  
**Co-Principal**

Mr Joe Sandric
