- To facilitate communication within families
- To provide accurate and up to date information in a sensitive way and within a family context
- To provide teachers and parents with support in the area of sex education
- To impart positive information on the growth and development of the individual and the responsibilities inherent in relationships.

The objectives of the program are:

- To provide quality educational sessions on the subjects of sex, sexuality, healthy choices/wellbeing, how a family begins and the importance of families, children and their parents/carers.
- To use relevant resources and information regarding sex education/personal development
- To be flexible in our program delivery in order to ensure all schools/community groups have a program meeting their requirements.

The educator who will be facilitating the program is Monique Hall, a trained teacher and member of the Parish.
